

Plum Tree Montessori School
9th Annual Mini Masters Art Show and Fundraiser

On April 20, 2013, From 10 am to 12 pm

At Plum Springs Baptist Church at 2080 Plum Springs Road, Bowling Green, KY

Dear Friends of Plum Tree,

Maria Montessori said, “We cannot ‘teach’ a child to be an artist, but we can help him develop: *an eye that sees, a hand that obeys and a soul that feels.*” Plum Tree Montessori School does just that. Our children are preparing for an event that provides, not only the children, but also the parents and the community an opportunity to celebrate and appreciate their artwork. This event empowers our children to create, view, interpret, and appreciate fine art.

With a great deal of passion, love, and commitment to the school, we work daily at building a learning community for our students. Established in Bowling Green in 1994, we are deeply rooted and ever growing. We are building on Dr. Montessori’s work to facilitate a kind of education which is self-empowering and peacemaking.

We are writing to ask you to consider supporting our children and their art show.

The Art Show is a crucial and important fundraiser for our school. The most important aspect of this event is the idea of people in our community coming together to benefit the teachers and students of Plum Tree. The preparation and participation in the event speaks of a community which is integrated and working together for the good of the school. The Art Show is a way for you, as a sponsor, to help enhance the diversity of educational options in Bowling Green as well as help provide needed materials for our students.

The attached form provides information on the specific sponsorship levels. If you have any questions, please give us a call.

Sincerely,
Caroline Scifres
(270) 991-3941
Art Show Co-Chair

Tina Denton
(270) 779-3153
Art Show Co-Chair

Plum Tree Montessori School is a non-profit, private school operated by a Board of Directors comprised of parents, the Director, and community members. Our underlying philosophy respects and celebrates the diversity and individuality of all children and their families. Children learn through discovery and experience. Students are allowed the freedom to choose their own work, learn at their own pace, work without interruption, and repeat an activity until mastery of the skill. With guidance from the teacher and the delicate balance of freedom and movement, the child achieves self-direction and self-discipline.
